

Themenpool

Schuljahr 2021/22
Fach: Chemie Englisch-Klasse
Klasse 8D

Thema 01	The importance of models in chemistry
Thema 02	The central role of the element carbon
Thema 03	Solvents and dissolving
Thema 04	Large and small: material properties as a function of structure
Thema 05	Chemical reactions: pathways, energy and equilibria
Thema 06	Donor-acceptor-concepts
Thema 07	Environmental chemistry, hygiene and health
Thema 08	Functional groups
Thema 09	Chemistry of food
Thema 10	Molecules in nature and technology
